

**Sponsored by the
Center for Reproductive Biology,
Washington State University
and the University of Idaho**

Seminar Presented by:

*Dr. Derek McLean
Washington State University*

“Regulation of Spermatogonial Stem Cell Homeostasis”

Dr. McLean is known for his ground-breaking work in the field of mammalian spermatogenesis. In addition to his research Dr. McLean serves as Assistant Director for the Center for Reproductive Biology WSU/UI, and serves as Director of the Assay Core and the Animal Reproduction Core. He was the recipient of the prestigious SSR New Investigator Award in 2007.

Biotech/Life Sciences 402

Wednesday, September 16, 2009
